EXPERIENCE

Flutter Developer

Ozole Digital Pvt Ltd

11/2022 Kozhikode, Kerala

- Conducted thorough requirement analysis and participated in testing, leading to successful cross-platform deployments.
- Built and maintained multi-platform applications, including Cashflo, Dinex Admin, Dinex POS, and Dinex Pulse.
- Ensured high-quality code through systematic review processes, enhancing app performance and stability across iOS, Android Windows and Web platforms.

Flutter Developer

Designfort

06/2021 - 10/2022 Kochi, Kerala

- Managed live application operations, addressing issues and ensuring smooth functionality
- Developed two applications from scratch, demonstrating end-to-end development proficiency
- Collaborated with clients to align project outcomes with requirements
- Conducted testing, deployment, and debugging of applications to ensure high-quality software delivery
- Engaged in application maintenance and bug fixing, contributing to software stability and performance

Dinex - Restaurant Management Solution

Ozole

2023 Calicut, India

- Overview:** A comprehensive restaurant management solution built entirely in Flutter, designed to streamline restaurant operations with modular functionalities.
- Table Order Management:** Efficiently manages table orders and seating arrangements.
- Quick Service Restaurant (QSR) Module:** Facilitates rapid service with streamlined order processing.
- Party Management:** Supports event reservations and party planning.
- Stock Management:** Tracks and manages inventory, Warning managers about the low stock items, and reminding about purchases
- Employee Management:** Manages employee roles, schedules, and responsibilities.
- POS App:** Developed for seamless order management with a user-friendly interface for restaurant staff.
- Offline and Online Functionality:** Utilized Sqlite for local storage, ensuring reliable operations even without internet connectivity.
- Cross-Platform Compatibility:** Designed for both Android and iOS, supporting restaurants in varied environments.

SUMMARY

FLUTTER DEVELOPER Enthusiastic developer with expertise in Flutter and cross-platform applications. Seeking a challenging role to leverage my experience in mobile, web, and desktop app development, and contribute to building scalable, high-performance solutions.
