JASIR C

FLUTTER DEVELOPER

Wayanad, Kerala | +91 9567216391 | muhammedjasirch@gmail.com

Objective

Enthusiastic developer with expertise in Flutter and cross-platform applications. Seeking a challenging role to leverage my experience in mobile, web, and desktop app development, and contribute to building scalable, high-performance solutions.

Experience

Ozole Digital Pvt Ltd. Kozhikode, Kerala | Flutter Developer.   **November 2022 -Present**

- Ozole Digital Pvt Ltd, Kozhikode, Kerala | Flutter Developer | November 2022 - Present
- - Analysed requirements, participated in testing, and ensured successful deployment across platforms.
- - Designed, built, and maintained cross-platform features for mobile apps including Cashflo, Dinex Admin, Dinex POS, and Dinex Pulse.
- - Ensured high code quality through rigorous review processes and optimised performance for multi-platform apps.

Designfort, Kochi, Kerala | Flutter Developer   **June 2021 -October2022**

- Managed live application operations, addressing issues and ensuring smooth functionality.
- Developed two applications from scratch, demonstrating end-to-end development proficiency.
- Collaborated with clients to align project outcomes with requirements.
- Conducted testing, deployment, and debugging of applications to ensure high-quality software delivery.
- Engaged in application maintenance and bug fixing, contributing to software stability and performance.

Projects

Dinex - **Restaurant Management Solution**
A comprehensive solution for managing restaurant operations with multiple modules, including table order management, quick service restaurant (QSR), party management, stock management, and employee management. This project consists of multiple apps, all built with Flutter, and supports both offline and online functionality.

- **POS App**: Designed for seamless order management, with offline functionality using Sqflite for local storage. Handles table orders, quick service operations, and party reservations efficiently.

- **Back Office Web App**: Developed to manage restaurant inventory, track stock levels, and manage employees. Includes reporting and analytics for daily operations.
- **Owner's App**: Provides real-time insights into sales, stock, and employee performance. Helps owners monitor restaurant operations from anywhere.
- Offline capabilities with Sqflite integration and synchronization with the backend when online.

Technologies used:

- RESTful APIs (for backend integration)
- Web technologies (for the back office web app)
- Sqflite for local storage
- Printing

FuelTrans POS

FuelTrans is an accounting software designed for fuel stations with features like live sales recording, invoice management, multiple payment options, and fuel transaction tracking. The application enables attendants to:

- Record sales and print invoices on the spot.
- Manage multiple customers simultaneously (up to 3) with a feature-rich cart system.
- Issue alerts and instructions, such as stopping all pumps.
- Handle safe cash drops and adjust invoices post-transaction.
- Conduct day-end reconciliation and analyze sales reports.

Technologies used:

- Sqflite for local storage
- RESTful APIs for backend communication
- Multiple instance management
- Sunmi printing integration for receipt printing

Education

Scaler Software Development Course   **2022**

Bachelor of Science in Mathematics   **2018**

Cm College of Arts and Science, Nadavayal, Wayanad, Kerala

Higher Secondary   **2015**

Skills

Technical Skills:

- Mobile Development: Flutter, Dart, iOS, Android

- Backend: Node.js, RESTful APIs, Firebase
- Databases: MongoDB, MySQL
- Other: Performance Tuning

Tools: Git, GitHub, Bitbucket
Soft Skills: Team Player, Decision Making, Problem Solving, Smart Working, Punctuality

Software Expertise

- Operating system - Windows 7/8/10, Ubuntu, Android and MacOS.
- Programming Languages - Dart, JavaScript, SQL
- Version Controller System – Git

Personal Profile

Date of birth - 27th March 1997

Sex / Status - Male / Unmarried

Location – Wayanad, Kerala

Nationality – Indian

Languages Known : English, Malayalam, Hind, Tamil

Declaration

I hereby declare that the information provided is true and correct to the best of my knowledge.

Place – Wayanad.   Muhammed Jasir C.
